Docket No. F-7859

Ser. No. 10/619,103

**REMARKS**

Claims 1 and 2 are pending and have been rejected under 35 USC § 102(b) as being anticipated by Fujimoto (USPN 6141991) and under 35 USC § 103(a) as being unpatentable over Budinski (6305194) as modified by Takano (JP 01226745).

Applicant provides new claims 5 and 6 to further define the invention. As compared to new Claim 5, neither Fujimoto nor Budinski as modified by Takano teach the depressions/projections on the inner tip of the molding core along with the configuration of the intermediate member and the first and second core members whereby a platform is formed on the second core member for receiving the intermediate member and the intermediate member has a hole for receiving the lens preform and the end tip of the first core member.

As none of the references teach the stated limitations now recited in new claims 5 and 6, Applicant respectfully asserts that the claims are now patentable.

Applicant respectfully requests a one month extension of time for responding to the Office Action. The fee of \$120.00 for the extension is provided for in the charge authorization presented in the PTO Form 2038, Credit Card Payment form, provided herewith.

Docket No. F-7859

Ser. No. 10/619,103

If there is any discrepancy between the fee(s) due and the fee payment authorized in the Credit Card Payment Form PTO-2038 or the Form PTO-2038 is missing or fee payment via the Form PTO-2038 cannot be processed, the USPTO is hereby authorized to charge any fee(s) or fee(s) deficiency or credit any excess payment to Deposit Account No. 10-1250.

In light of the foregoing, the application is now believed to be in proper form for allowance of all claims and notice to that effect is earnestly solicited.

Respectfully submitted,
